

Technical Information Sheet

QuickSeam™ Cover Strip

Packaging	Part Number
152 mm x 7.62 m per roll, 8 rolls per carton	W56RAC1693
<i>Note: includes scrubber handle and pads (quantity and type subject to change without notice).</i>	

Description

The Elevate™ QuickSeam Cover Strip is a 152 mm wide (6") semi-cured EPDM strip laminated to a QuickSeam tape. The strip is used to cover and seal butt-joined Elevate RubberCover™ EPDM membranes.

Application

QuickSeam Cover Strip can be applied in following Elevate system(s): RubberCover™ EPDM.

Preparation

The Elevate EPDM surfaces, attachment components and/or compatible mating surfaces must be prepared with QuickPrime™ primer, using a QuickScrubber™ tool. Use of other products is not allowed. Restore the product to room temperature prior to use if exposed to temperatures below 15°C for prolonged periods.

Method of Application

Place the roll of cover strip on the membrane, positioned so it unrolls from the top of the roll (release paper will be on top) and center the cover strip over the exposed membrane edge(s). Unroll the cover strip onto the clean and primed surface. Advance the roll keeping the strip centered over the membrane edge(s) and peel the release paper as you apply the strip. Refer to the Elevate technical guidelines for specific installation instructions.

Coverage

In accordance with length of seam to be covered. Adjoining QuickSeam Cover Strips require an overlap of 5-25 mm and a QuickSeam Corner Flashing cover patch.

Characteristics

Technical	EPDM Flashing	QuickSeam Tape
• Base	EPDM	Rubber polymers
• Color	Black	Black
• Solvents	None	None
• Solids	100%	98%
• State	Semi-cured	Cured
• Thickness	1.0 mm	0.9 mm
• Width	152 mm	156 mm

Storage

Store in original unopened containers at temperatures between 15°C and 25°C, in a well-ventilated place. Keep the material dry and out of direct sunlight until ready for application.

Shelf Life

12 months can be expected if stored in above-mentioned conditions. Verify production date on each roll. Shelf life will be reduced if exposed to higher temperatures. Shelf life information is only a recommendation and not a fact of life. The real expiration date highly depends on the history of storage and handling of the accessories.

Precautions

Refer to Safety Data Sheet.
